|         |           |
|         |           |

### **FEATURES**

- The 9W model features two 4.5W LED lamp heads, each producing 425 lumens for a total of 850 lumens. The 16W model has two 8W LED lamp heads, each producing 840 lumens for a total of 1680 lumens.
- Each lamp head can be adjusted up to 20° and rotated up to 90° away from the wall.
- Self-Test/Self-Diagnostics are standard and ensure reliability. Performs a monthly test and continuously monitors critical functions to ensure reliability. Manual tests may be initiated by pressing the test switch or IR remote at any time.
- Ensures a 90-minute emergency duration and environmentally friendly end-of life cycling.
- Zero current LVCO ensures positive charge acceptance following an extended battery discharge.
- Surge, overload, and short circuit protection are provided, along with a battery line latch
- Brownout sensing is incorporated to ensure emergency illumination during periods of low line voltage.
- Installation is made easy with snap-lock latches and retaining hinges, eliminating the need for tools.
- The product boasts modular assembly and quick connector wiring, facilitating fast installation and easy maintenance.
- Aimable heads and a custom-designed lens optic contribute to optimal light distribution.
- The maximum mounting height for the product is 28 feet.

# **SPECIFICATIONS**

### CONSTRUCTION

- 5VA flame rated, injection molded ABS thermoplastic housing in white or black finish.
- Extruded aluminum LED heat sinks for optimal LED operation and long life.

# **ILLUMINATION**

- 9W: Two high performance 4.5W LED lampheads, each producing 425 lumens (850 lumen unit total).
- 16W: Two high performance 8W LED lampheads, each producing 840 lumens (1680 lumen unit total).

### **BATTERY**

- 9W: 3.6V long life, high capacity, maintenance free nickel-metal hydride battery.
- 16W: 9.6V long life, high capacity, maintenance free nickel-metal hydride battery.

### **MOUNTING**

- Universal field selectable back plate knocks out mounting pattern.
- Optional top feed conduit entry.

### **TEMPERATURE RATING**

From 50°F to 104°F

### **APPROVALS**

- UL 924
- UL Listed for Damp Location
- CEC Title 20 Compliant
- NFPA 101 Life Safety Code
- NFPA 70-NEC
- OSHA
- BAA Compliant

### **WARRANTY**

Isolite offers a 5-year limited warranty.
For further details, refer to General
Warranty and Obligations in the Isolite manual or on our website. Lamps not warranted.
