

MAX-E

Wet Location Emergency Light

DATE:

PROJECT

COMMENTS:

Product Discontinued.

FEATURES

- IP66 rated, suitable for NEMA 4X applications
- Designed to stand up to abuse in applications such as schools, institutions, public areas and apartment complexes where vandalism may occur
- Two bottom mounted MR16 style lamps
- Sealed External Momentary test switch and dual diagnostic LED indicator display AC presence and Hi-Charge status
- Maintenance-free sealed nickel cadmium batteries provide a minimum of 90 minutes of emergency run-time
- Line latch prevents unnecessary discharge of battery during installation — loads will not illuminate until after application of utility power
- Short circuit battery protection
- Brownout detection ensures emergency operation during periods of low line voltage
- 120/277 VAC field selectable inputs
- BAA Compliant
